

Date: April 09, 2026 **Time:** 2:00 PM - 3:00 PM Eastern

Presentation Title: Toxin Takedown: Clindamycin vs. Linezolid in Necrotizing Soft-Tissue Infections (RSS UF Health Shands-4/09/2026)

Objectives : At the conclusion of this activity, the participant should be able to:

- 1 Review relevant disease states and/or operational considerations encountered by pharmacists at an academic health system.
- 2 Describe key pharmacology, pharmacokinetics, and/or medication management strategies that support both clinical and operational decision-making in pharmacy practice.
- 3 Discuss emerging literature, therapeutic advancements, and/or administrative considerations that optimize medication utilization and healthcare outcomes.
- 4 Evaluate new policies, protocols, technologies, and operational improvements that enhance pharmacy services and workflow efficiency within an academic health system.

Accreditation:

The University of Florida College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Credit Designation:

This Continuing Pharmacy Education activity is approved for 1.00 contact hour(s). You will receive credit for this activity through NABP's CPE Monitor system within 72 hours.
